

Fun Fold Gift Card Holder

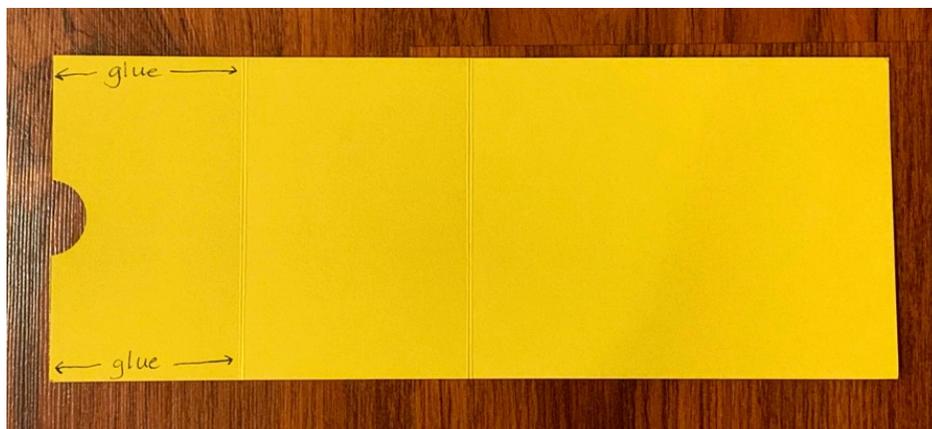

Directions

1. Cut a piece of Crushed Curry cardstock that measures $4\frac{1}{4}$ " x 11". Score at $2\frac{1}{2}$ " and $5\frac{1}{2}$ ". Place it in front of you so that the smaller sections are on the left. Fold on the first score line (on the left) and this will make the pocket for the gift card. Fold on the remaining score line and it should look like the sample above.
2. Cut three pieces of Perennial Essence Designer Series Paper (DSP) that measure: $5\frac{1}{4}$ " x 4", 4 " x $2\frac{1}{4}$ " and 4 " x $2\frac{3}{4}$ ".
3. Glue the 4 " x $2\frac{3}{4}$ " piece of DSP to the front of the card using Snail. Open the card and glue the larger piece of DSP to the right side and the smaller piece to the front of the pocket.

4. Using a 1" Circle Punch, cut a half circle through the piece that will create the pocket for the gift card. You'll punch through the DSP and cardstock. Open the card and add glue as indicated below and then fold over to create the pocket. You want to use a strong adhesive such as Multipurpose Glue or Tear & Tape.

5. Stamp "Hooray" onto Whisper White cardstock using Memento Ink. Using a die-cutting machine, cut it out using the Stitched Rectangles Dies. Cut another rectangle in Whisper White and save it for Step 7.
6. Stamp "It's Your Birthday" in Crushed Curry below "Hooray." Cut another rectangle in Crushed Curry and layer it with the sentiment. Turn it over and add Stampin' Dimensionals to the right side and down the middle (if you add Dimensionals to the other side, your gift card holder won't open).
7. Use the extra Whisper White rectangle you cut in Step 5 and stamp "Let's Celebrate You" in Crushed Curry. Using Snail, adhere it to the inside of the card making sure that it can't be seen when the card is closed.

** DSP refers to Designer Series Paper
