

The Most Wonderful Time of the Year

Directions

1. Cut a piece of Pool Party cardstock that measures 11" x 4 ¼". Score at 5 ½" and fold on the score line. This will be your card base.
2. Cut two pieces of Whisper White cardstock that measure 5 ¼" x 4". Adhere one to the inside of the card. With the other piece, center the largest die in the So Many Snowflakes die set in the middle of the cardstock and run through the Stampin' Cut & Emboss Machine.
3. Cut a piece of Snowflake Splendor Designer Series Paper (DSP) that measures approximately 5" x 3 ¼". On the back of the Whisper White cardstock, place adhesive around the outside edges of the opening, being careful not to place adhesive near the open circles in the corners.

Place your DSP down on top of the adhesive. Now add adhesive to the outside edges of the Whisper White cardstock and adhere to the card base.

4. On a piece of Whisper White cardstock, emboss the sentiment using Versamark ink and Silver Embossing Powder (see directions below for heat embossing). Use the Stitched Shapes Dies to cut it out. Add Stampin' Dimensionals to the back and adhere to the center of the opening.
5. Using Silver Foil, cut two snowflakes using the So Many Snowflakes Dies. Roll Mini Glue Dots into balls and adhere to the smaller parts of the snowflakes and add to the front of the card.

Directions for Heat Embossing

Prepare the cardstock by rubbing an anti-static pouch over the surface as this helps keep away stray particles of embossing powder. Stampin' Up! no longer carries their version of this product - the Embossing Buddy - but you can find one by googling "anti static pouch for embossing". This step is optional, but I think you'll be happier with the results if you use it. Stamp your sentiment or image using a Versamark pad. This is very sticky ink and your embossing powder will stick right to it. Sprinkle embossing powder over the stamped image. Shake off any excess. Before applying heat to your paper, heat the Heat Tool first so the paper won't warp (about 10 seconds). Direct the heat over your image and watch the magic happen!

Stampin' Up! Supplies

Stamp Set: Wrapped in Christmas #153481

Paper: Snowflake Splendor Designer Series Paper #153512, Pool Party cardstock #122924, Whisper White cardstock #100730, Silver Foil Sheets #132178

Ink: Versamark #102283

Dies: Stitched Shapes #152323, So Many Snowflakes #153560

Tool: Stampin' Cut & Emboss Machine #149653, Heat Tool #129053, Stampin' Emboss Power (Silver) #109131

Adhesive: Multipurpose Glue #110755 or Stampin' Seal #152813, Mini Glue Dots #103683

Non-Stampin' Up!: Anti-Static Pouch

Measurements

Pool Party cardstock	11" x 4 1/4" score at 5 1/2"
Snowflake Splendor DSP	approx 5" x 3 1/4"
Whisper White cardstock	(2) 5 1/4" x 4"
Silver Foil	scraps for snowflakes
